

TR Vertriebs GmbH

WHOLESALE · APPLE · CERTIFIED

GRADING STANDARDS · B2B WHOLESALE

Three grades. One standard. Transparent by design.

Every Apple device we ship passes a 52-step technical test and a certified battery check. This document defines the three grades we guarantee, the criteria that separate them, and the methodology we use to evaluate every single unit.

01	GRADE A – PRISTINE	P.02
02	GRADE A/B – PREMIUM	P.03
03	GRADE B/C – ECONOMY	P.04
04	METHODOLOGY	P.05

• PRISTINE · FLAWLESS

A

Like-new condition.

The top tier. Units that pass every functional test and show no visible signs of use, even under close inspection.

SPECIFICATION

FUNCTIONAL	52-step test · 100 % pass
DISPLAY	No scratches · no dead pixels · no burn-in
HOUSING	No dents · no scuffs · original finish
BATTERY HEALTH	Guaranteed $\geq 80\%$
DATA	Blancco certified wipe · iCloud cleared
WARRANTY	30 days · B2B standard
BEST FOR	Premium retail · end-customer direct

WHAT YOU GET

- ✓ All functional tests passed — full 52-step report included
- ✓ Flawless appearance — no visible cosmetic defects
- ✓ Minor blemishes only visible under close inspection
- ✓ Battery health guaranteed above 80 %

• PREMIUM · BEST SELLER

A/B

Excellent condition.

Our wholesalers' most-sold mix. Passes every test, with only minor, honest signs of everyday use.

WHAT YOU GET

- ✓ All functional tests passed
- ✓ Minor signs of usage from normal daily handling
- ✓ Our most-sold grade — the best price-to-quality ratio
- ✓ Battery health guaranteed above 80 %

HOUSING	Light scuffs · no dents affecting function
BATTERY HEALTH	Guaranteed ≥ 80 %
DATA	Blancco certified wipe · iCloud cleared
WARRANTY	30 days · B2B standard
BEST FOR	Value retail · online marketplaces · B2B resale

• ECONOMY · FULLY FUNCTIONAL

B/C

Good working condition.

Heavily used appearance — but every functional test passes. The right choice for volume, repair stock and parts-harvest channels.

WHAT YOU GET

- ✓ All functional tests passed — full working device
- ✓ Heavily used appearance — honestly priced for it
- ✓ Deeper scratches possible — no functional impact
- ✓ Battery health guaranteed above 80 %

SPECIFICATION

FUNCTIONAL	52-step test · 100 % pass
DISPLAY	Visible scratches possible · minor corner chips in rare cases
HOUSING	Deeper scratches / small dents · occasional hairline edge chips
BATTERY HEALTH	Guaranteed ≥ 80 %
DATA	Blancco certified wipe · iCloud cleared
WARRANTY	30 days · B2B standard
BEST FOR	Budget retail · repair shops · bulk resale

How every device is actually graded.

Grading is a pipeline, not an opinion. Every Apple device follows the same four-stage process before it's assigned a grade — combining certified software tools with trained human inspection. Below is the full process, stage by stage.

STAGE 01

Data Cleaning & Wiping

Every device receives a certified data wipe before testing — full compliance with B2B data-security regulations.

Blancco

iCloud clear

STAGE 02

Software Diagnosis

52 functional checkpoints run automatically — display, touch, sensors, cameras, connectivity, battery health.

NSYS Tools

PhoneCheck

STAGE 03

Manual Human QC

The roughly 1 % of issues software misses — found by certified technicians under controlled lighting.

Visual

Tactile

Audio

STAGE 04

Grading & Report

Grade assigned by combined functional + cosmetic score. A 52-step test report travels with every device.
